ABOUT US

PT. KARYA UTAMA NAUTIKA was established in Jakarta in 2022, specializing in the provision of safety equipment, particularly for marine and fire safety, with a focus on Life Saving Equipment services and maintenance. In 2023, we expanded our operations by opening a workshop branch in Labuan Bajo, NTT.

Our specialized services include various types of life rafts, lifeboats, and fire fighting equipment, fire & safety, fire protection, life saving equipment, CO2 systems, diving suits, and other life saving equipment.

We are able to work on board anytime and anywhere with the support of our network partners. To ensure our customers can obtain the right safety standards, PT. KARYA UTAMA NAUTIKA continues to expand its service and supply networks to our customers throughout the region and beyond.

VISION

"Providing the highest satisfaction to customers through excellent service".

MISSION

- Providing competent technicians and quality equipment
- Improve skills & knowledge through training
- Profesional in implementation of job and duty
- Support for safety aspects in the work environment.
